Please note: When calling after hours for an emergency please leave a detailed message.

From the Management Team at Oswego Cove:
In the next few weeks **parking permits** will be issued for your assigned carport space. You will receive one or two permits (if you have two vehicles you can park either in your assigned space). This will also give us an opportunity to reevaluate spaces for your convenience.

Coming up later this week....

We will be changing the doors to the Clubhouse to combination locks after hours. Once that happens you will need to stop by the office to get your entry code.

The Pool is Open

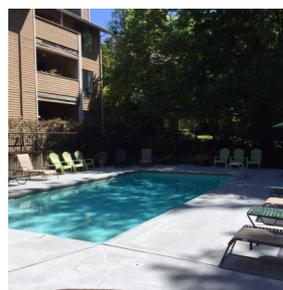

Come on in, the water is fine!

The pool is sparkling clean and heated to a comfortable 80 degrees.

Thank you to everyone who has come by to pick up your pool ID bands. If you have not already picked up yours feel free to stop by the office during business hours.

Please wear your pool ID bands while in the pool area. We have found individuals who do not live here taking advantage of your pool.

If you have a guest or two join you in the pool stop by the office and they can get a guest ID band.

Pool Etiquette

* Now that the pool is open for the season please be considerate of residents who live near the pool area. Sound does travel, particularly now that windows are open.

* Food and drink are not allowed in the pool area, **however**, non-glass water bottles are the exception. Stay hydrated!

* Please be aware that **running or jumping into the pool is not allowed**. This type of activity can be an accident waiting to happen. Anyone doing so will be asked to leave the pool area.

Windows and Screens

Windows....

Just about everyone opens windows to let the fresh air in on these nice, balmy, warm days we have been having.

Please be aware that sound does travel through open windows and spirited conversations can be heard by neighbors.

Screens...

While you have your windows open, could you take a look at your screens?

If they need repair now is the time to put in a maintenance request to have the screens repaired, or re-screened. You can stop by the clubhouse and pick up a maintenance request form to fill out, or you can go to the Oswego Cove Apartments website and fill out an online request.

Trash Talk....

Just a reminder that boxes destined for the recycle bin need to be broken down and flattened prior to tossing them in.

Large items such as mattresses and box springs cannot be placed in or near the dumpsters.

They will not be picked up.

If you do have large items that are to be discarded please make your own arrangements to have them hauled away.
